- Except for baseball games, the station goes off the air after May 14 for balance of spring semester.

## TECH WINS WNTC ALL-STAR CONTEST

In a double attraction softball contest held for the benefit of the college radio station, the Potsdam High school girls team defeated PSTC girls, 15-2, and the all-star club representing Clarkson won over the Statesmen 7-0.

The games, played at Snell field, drew a large crowd. This is the second year in a row that the Techmen have won the Pat Carey trophy.

The high school girls outplayed and out hit their opponents and the contest was never in doubt. The winners collected 20 hits and had four left on base while committing only one error. The State girls collected four hits, had only two left on base and were credited with 11 misplays.

In the feature attraction, the Andy Johnson coached club took an early lead and held it thru-out. The winners got their seven runs on 12 hits and were helped along by three errors, while State picked up only five hits off the slants of Charlie Podgurski.
